City Council

Receives Many Requests From Pa-
triotic Organizations for Aid.

Amongst the correspondence re-
ceived by the City and brought up
for the attention of the Council at the
regular weekly meeting last Friday
morning were a number of letters
from various patriotic organizations
asking for aid from the city and citi-
zens. These letters included one
from the Secretary of the Provincial
Branch of the Canadian Patriotic
Fund enclosing circulars and sample
relief forms with particulars as to
pay of reservists and others and the
sums paid to their dependents by
the Government. There were also
letters from the Vernon Belgian Re-
lief Fund and from the Vernon
Branch of the Canadian Red Cross
Society. These letters were quickly
disposed of by His Worship, who
referred them to the press for the
information of the public. In
further reference to this correspon-
dence his Worship also remarked
that he understood that a concert was
to be held in Kelowna in the near
future to raise funds for the Canadian
Patriotic Fund.

In accordance with a request from
the Kelowna Hospital, it was decid-
ed to charge the amount owing by
them for light and water supplied to
their building against the grant for
the current year allowed by the City.

Acting-Mayor Sutherland then read
to the meeting a letter from Mr.
Lionel E. Taylor which ran as fol-
lows:—

"The City Clerk,

Kelowna.

"Dear Sir,

"I notice in the last number of
the local paper that the question of
felling certain trees in the City was
discussed and that the matter was
left in the hands of the Park's Com-
mittee.

"I believe I am still one of the
Park Commissioners, but I have re-
ceived no notice of any meeting at
which the question of the removal
of these trees was discussed.

"This is not the first time impor-
tant matters connected with the trees
and Park have been decided off hand
without a meeting of the Commis-
sioners being called and on two oc-
casions meetings have been called
at a few hours notice or insufficient
time has been given for me to make
arrangements to be present. It is
obvious, under the circumstances,
that my services cannot be of any
use to the Park Commissioners, and
as I have no desire to serve on any
committee under these conditions, I
shall be obliged if you will please
place my resignation before the
Park Committee.

"As the Committee are probably
aware, a considerable amount of dis-
satisfaction has been expressed over
the removal of the trees in ques-
tion, and for my part I cannot see
the necessity of it. The trees in front
of the Court House could have been
pollarded if they were interfering
with the power wires, and I can see
no reason whatever for the removal
of the tree near the water trough.

"Yours faithfully,

"LIONEL E. TAYLOR."

Mr. Duggan, as Chairman of the
Park Committee, said that it was cer-
tainly not the wish of the Committee
to act without Mr. Taylor. The mat-
ter of the removal of the trees had
been brought up at a meeting of the
City Council, and the Council had de-
cided that the trees must be removed,
which had been done.

His Worship remarked that it
would be very unfortunate for the
City to lose the services of an expert
like Mr. Lionel Taylor, and he hoped
that Mr. Taylor would reconsider the
matter upon the case being explained
to him.

A good deal of conversation nat-
urally followed, and the general
opinion was that the tree by the wa-
ter trough was an eye-sore, as it
was dying through having so much
of its bark knocked off. As for the
other trees, they interfered with the
light as much as with the wires, and
so they had been cut down. There
had been no intention to omit Mr.
Taylor from any consideration of the
subject, as the Council had decided
that the trees had to be removed.

His Worship pointed out that the
resignation had been sent in and
would therefore have to be consid-
ered, and it was therefore decided
that the Committee should meet and
discuss the matter and if there had
been any misunderstanding they
would certainly try to remedy the
matter, as Mr. Taylor's services were
highly valued.

Fruit Packing Schools

Will Be Held This Winter by the
Provincial Department of
Agriculture.

Department of Agriculture,
Victoria, B.C., Oct. 10, 1914
The Department of Agriculture, in
accordance with its policy of the
past five years, will again offer fruit
packing schools during the coming
winter. These packing schools have
always been popular and we expect
that much interest will be taken in
the work this winter. It is hoped that
schools will be formed in every fruit
district of the Province where a suf-
ficient number of pupils can be se-
cured.

As in previous years, the local ad-
ministration of the packing schools
will be placed in the hands of a re-
sponsible body such as the Farmers'
Institute, the Fruit Growers' Asso-
ciation or the Board of Trade.

The responsible organization in
each case will be required to guaran-
tee a minimum of twelve pupils, but
not more than fifteen, with the proper
qualifications, at a fee of three
dollars each, to take the twelve les-
sons of two and a half hours a les-
son, the school extending over the
week. In a limited number of dis-
tricts a double packing school can be
arranged for, in which the minimum
guarantee will be twenty-four pupils,
but not more than thirty, for the
same number of lessons.

The hall for fifteen pupils must be
at least 30 ft. by 15 ft., and well
lighted. It must be sufficiently heat-
ed to prevent chilling of the fingers
of the packers, and to prevent free-
zing of the fruit at night.

The Department of Agriculture
provides the instructor, and pays his
expenses. The Department will also
bear the cost of the packing paper,
the fruit and all other legitimate ex-
penses, except that of the secretarial
work, and the rent of the hall, and its
heating and lighting.

The Department will also as far as
possible, use local fruit. At the time
of making application for the pack-
ing school, you are requested to re-
serve fruit at the rate of 2½ to 3
boxes per pupil. The harder varie-
ties, such as Ben Davis, are prefer-
red. Fruit must be in good condition,
but need not be graded and none
should run under 2½ inches in di-
ameter. The Department will pay the
legitimate market price as determined
by the instructor on inspection.

If local fruit cannot be secured the
Department should be expressly no-
tified and will undertake to secure
same.

The instructor will bring with him
the necessary packing tables and
fruit paper. The Department expects
that he will be met on his arrival
by some responsible person, who
should provide him with all necessary
information, so as to get the school
under way without loss of time.

It seems hardly necessary to pre-
sent to you the important advantages
to be gained from the packing school,
particularly in the way of practical
and thorough instruction in actual
commercial packing.

Fruit growers will gain, in addi-
tion, a good deal of information about
the methods and equipment used by
the most progressive Associations,
also about the interpretation of the
Fruit Marks Act, and about exhibi-
tion packing by attending the packing
school for instruction.

Pupils who gain a score of 75%
for efficiency in the packing school
and who put up a creditable pack for
the Department prizes the following
autumn, will receive a diploma cer-
tifying to the same from the Depart-
ment.

WM. E. SCOTT,
Deputy Minister.

BEWARE OF THIEVES

Nocturnal Prowlers Are Robbing
Clothes Lines and Chicken
Roosts.

On Tuesday morning the Chief of
Police received three complaints
from householders of washing hav-
ing been stolen from the line during
the night. All the cases were well
within the city, being mostly in the
neighbourhood of Bernard Avenue.

In addition to this, there were
three cases of chickens having been
stolen a few nights before, Mr.
Weeks having lost twenty-seven
birds.

As there are evidently thieves in
the city who are making a practice of
stealing under the cover of night, the
Chief of Police wishes to warn all
citizens to take particular care of
those articles which they are in the
habit of leaving outside their homes.

Board of Trade

Offer Received for Land at Hayden
Lake, Wash.—Horses for the
Imperial Army.

The regular monthly meeting of
the Board of Trade was held on
Tuesday evening, and once again
only a very small number of the
members attended. Mr. S. T. Elliott,
the President, occupied the chair and
the members present were Messrs.
W. R. Pooley, M. Heron, F. R. E.
DeHart, L. E. Taylor, C. Rogerson,
W. Haug, J. Leathley, N. Gregory, H.
J. Williams and N. D. McTavish, sec-
retary.

Upon taking up the month's cor-
respondence, the Secretary read a let-
ter written to Mr. Hamilton Laing
complaining as to the bad condition
of the road between Woods Lake and
Duck Lake. This letter had been
written in accordance with a resolu-
tion passed at last month's meeting
of the Board. An answer to this let-
ter had been received stating that
steps were being taken to remedy the
faulty road in question. The Presi-
dent announced that the road had
since been fixed, and the letter was
therefore ordered to be filed.

The Secretary announced that he
had received a personal letter from
Mayor Jones while he was in Ottawa.
There was a part of this letter which
he considered was of interest to the
community as it was concerning the
horses required for the Imperial
Army, and the following extract from
the letter was therefore read before
the meeting:

"Regarding remounts for the Bri-
tish Army, I saw General Sir Fred
Benson at dinner last night. Kitch-
ener wants 4,000 horses per week.
Benson has been all over Canada and
the U.S. buying them. The exami-
nation is a thorough one as they can-
not take any scrubs.

"With reference to B.C., he fears
we are too far away as it takes too
long to get them on board ship. He
tried a shipment from Calgary, and
by the time the horses got to Mon-
treal they were all knocked out. How-
ever, since he has to keep at this end
of the line the Western end is in
the hands of 'Re-mount Purchasing
Officer', Imperial Bank, Winnipeg.
If we have 500 horses and upwards
that will pass the examination, get
in touch with this man.

"It would be necessary for some
one man in each district to round
these up for inspection, since the
Commissioner could not take time
for this work.

"It depends, therefore, on the case
we can put up from the Board of
Trade; keep them down to facts. The
prices paid will run from \$175.00 to
\$225.00; weight 1,100 to 1,300 lbs. Be
careful in submitting anything to this
officer. I feel that they will have to
come in for horses on account of the
large number required."

The Secretary went on to explain
that he had sent this quotation from
the Mayor's letter to the Secretary
of the Vernon Board of Trade so that
the two districts could act together
in the matter.

A long discussion followed, started
by Mr. DeHart, who doubted whether
there were sufficient horses in the
Valley to make up a shipment. Some
doubts were expressed as to the age
of the horses, which was declared by
some of the members to run from
five years to eight years. The gen-
eral opinion was that there were am-
ple horses of a fit type to fill the re-
quirements, and Mr. W. R. Pooley
moved that the local newspapers here
be asked to give publicity to the par-
ticulars given by Mayor Jones in his
personal letter to Mr. McTavish.
This was seconded by Mr. M. Here-
ron and carried. The Secretary stat-
ed that Mr. Collett was already in
communication with the officer at
Winnipeg, and when definite infor-
mation was received by him it would
be made public.

A letter from the Secretary of the
Associated Boards of Trade of the
Valley enclosed a printed copy of the
Blue Sky Law, and the minutes of the
last general meeting with reference

Continued on page 3

Where possible, all things should be
placed under lock and key in some
way or other.

There is also the possibility that
the thieves may become more daring,
and it therefore behoves citizens to
look to their doors and windows and
to take the usual precautions against
enabling these nocturnal marauders
entering their premises and helping
themselves to goods which may never
be recovered by the unfortunate
losers.

LAND REGISTRY ACT.

IN THE MATTER OF an Application for Indefeasible Title to part of Block 31 (1.3 acres), according to Registered Plan 462, City of Kelowna, B. C.

WHEREAS proof of loss of certain documents covering the above-mentioned property, inter alia, viz., (1). Conveyance dated 9th June, 1894, from Bernard and Leon Lequime to John Abram Coryell and John Purvis Burnyeat.

(2). Grant, Release and Quit Claim dated August 30th, 1894, from John Abram Coryell to John Purvis Burnyeat.

(3). Mortgage for \$616.00 dated 30th August, 1894, from John Purvis Burnyeat to James M. Martin.

(4). Release of said Mortgage.

(5). Mortgage for \$800.00 dated 1st September, 1896, from Benjamin de Furlong Boyce to Thomas Willing Stirling.

(6). Release of said Mortgage.

has been filed in this office, NOTICE IS HEREBY GIVEN that I shall at the expiration of one month from date of first publication hereof, issue a Certificate of Indefeasible Title in the name of William Wesley Grummett to the above-mentioned property, unless in the meantime valid objection be made to me in writing, and any person or persons having possession of any of the aforesaid documents is required to deliver the same to me forthwith.

DATED at the Land Registry Office, Kamloops, B.C. this 10th day of September, A.D. 1914.

C. H. DUNBAR,
District Registrar.

9-6

Board of Trade

Continued from page 1

thereto. It was moved by Mr. Pooley and seconded by Mr. DeHart that the Secretary be thanked for sending these particulars.

There was a further communication from the Clarke & Stuart Company, of Vancouver, enclosing a note at three months for \$225, being the balance owing to them on "Along the Imperial Highway" advertising. The letter asked for this note to be accepted and stated that at maturity of the note if a portion of the indebtedness could be met the balance could be renewed. The meeting expressed its approval of accepting the note as requested and of the moderate demand made by the Company, and the President and Secretary were thereupon authorized to sign the note on behalf of the Board according to the terms suggested in the letter.

Mr. Kipp, of Spokane, wrote to the effect that he owned 10 acres of land next to the 5 acres at Hayden Lake won by the Board at Spokane Exhibition. He was selling his property and believed that he could also sell that of the Board's if they were prepared to take \$500 for it. It was pointed out by the Secretary that according to correspondence received by them and brought up at recent meetings of the Board, the property in question no longer belonged to them as it had been sold for unpaid taxes. A long discussion arose as to whether the taxes had not been paid, several of the members claiming that they were under the belief the taxes had been remitted. The Secretary reported that he had searched the cash book but could find no entry to that effect there, but he had not yet looked through the filed receipts. Finally, on a motion of Mr. DeHart's, it was decided that the Secretary and President should look into the matter of taxes and if they had been paid then they should have power to accept the offer of Mr. Kipp, and he should be instructed to make the sale and clear the matter with the tax collector, deducting the expenses and any taxes due from the \$500 suggested for the selling price. If the taxes had not been paid Mr. Kipp's offer would have to be refused.

Mr. F. R. E. DeHart remarked that Mr. Kipp was the man who had originally put up this property as a prize at the Exhibition at Spokane, at which time he had claimed the land was worth over \$1,000.

Referring to a resolution carried at the previous meeting of the Board regarding the other acreage owned at Edendale, and suggesting that Mr. DeHart should write a letter to the Board stating that this property, of which he held the deeds, was owned by the Kelowna Board of Trade, Mr. DeHart now informed the meeting that these deeds were held by the Bank of Montreal and had been there for the last two years so the suggested action appeared to be unnecessary, to which the meeting agreed.

The Secretary announced that his term of office had expired on the 7th of this month, as he had only been engaged for a term of three months. Many expressions of approval were passed of the work of the new Secretary, and Mr. L. E. Taylor proposed that Mr. McTavish's services be retained for another three months at the same salary. The latter part of the proposal brought forth many favorable remarks which were kept up until Mr. Heron seconded the motion which was then carried.

Mr. W. R. Pooley then commented at length on the excellent work performed by Mr. Lowe, the C.P.R. commissary agent at Sicamous, in not only obtaining telephone connection with Sicamous but also in arranging for the construction of the advertising kiosk there. Both were things which the Valley had been wishing for and trying to obtain for many years past but had always been refused, as the minutes would show. \$200 was wanted from Kelowna to complete the kiosk, this being their share, other cities having contributed or promised to contribute a relative amount.

Both the President and Mr. DeHart spoke on the matter expressing their approval of the scheme, but stating their inability to see how the Board of Trade could make any financial promise with regard to it as the failure of the City to make their usual grant to the Board had left them in a poor position.

The Secretary also pointed out to the meeting that if this sum was promised it would probably leave the Board \$800 in debt to commence next year's work, and he did not consider that more than \$500 could be relied on for 1915 subscriptions.

Mr. DeHart thought that as the Board had been straining after this project for so long it should participate in the cost of it now that the work had been accomplished, and he therefore advised that a decision be postponed until the next meeting of the Board when he suggested that something might be obtained from the City Council which would render it easier to come to a decision. Mr. Pooley, however, was strongly against the matter being once again shelved, and to bring the matter to a head he moved that a note be given by the Board of Trade for \$180.00, payable in six months' time. If this were done he would pay the balance of \$20 as a cash payment from his own pocket. Mr. L. E. Taylor seconded the proposal which was carried, a hearty vote of thanks being given to Mr. Pooley for his generous donation.

Later in the evening Mr. Lowe appeared at the meeting. After being introduced to the assembly he thanked the Board for their donation, and followed this by an excellent address as to the details of construction of the Sicamous kiosk and the proposed manner of running it, as well as the method of showing and disposing of the various exhibits. Sixty-seven display jars, he explained, were being sent by Deputy Minister Scott, all of which would contain fruit taken from the Valley. The Department of Natural Resources was also sending a quantity of preserved fruit. Arrangements would be made, if it were possible (and he believed it would be possible), to have the B.C. exhibit of fruit for the Panama-Pacific Exhibition at San Francisco exhibited at the kiosk either before or after its journey south.

An advertising campaign is being conducted in the columns of the "Review" in an endeavour to induce non-churchgoers to attend divine service. The Anglican, Presbyterian, Methodist and Baptist clergymen are cooperating in the movement.

The ladies of Summerland have formed a basket ball club.

Penticton Herald, Oct. 17:
Penticton will furnish about 300

boxes of the thousand boxes of British Columbia apples to be shown by the Dominion Government at the Panama-Pacific Exhibition at San Francisco next year. The Penticton portion of the exhibit will be shipped shortly to Vancouver, there to remain in cold storage for the winter.

The Kettle Valley Railway Company has not been able to see its way clear to grant the request of Penticton for extension to that place of the present tri-weekly passenger train service between Nelson and Midway, but has promised to provide for the shipment of freight from and to Penticton on the new line up to Dec. 1st.

This, it is expected, will give Penticton dealers a chance to lay in stocks of Fernie coal and bring down the price of that commodity. It is evidently not the intention to operate the railway during the winter.

President Warren and a party of C. P. R. officials travelled over the new Kettle Valley line from Penticton to Midway last week in a private car, which was taken down the lake on one of the barges.

Optometrist

An Imp of Mischief

Is the manner in which one of our eminent eye specialists describes astigmatism, or unequal sight—so common among defective eyes of this day. This word stigmatism is derived from the Latin one "stigma," which means without a point. Most truly does it apply to this condition, for despite the strenuous endeavors of strong muscles and responsive nerves it is impossible to entirely overcome the defect without the aid of specially ground lenses. We exercise great care in the preparation and application of astigmatic lenses.

Kelowna

The "Herald" announces that in future it will publish on Thursday instead of Saturday. It states that it believes that in making the change it will be serving the interests of both subscribers and advertisers. The announcement continues: "The advance in the publication day will give the paper a wider field of circulation before the arrival of Saturday, the day of shopping. The change should therefore be agreeable to the merchant advertisers of the city. To those dealers who do not advertise it may not prove of the same interest. But, then, they evidently have no message anyway to give to the buying public of Penticton." The reasons given by the "Herald" are those which govern the date of publication of most of the weekly papers of Canada, the majority of which are published on Thursday.

The management of the Kettle Valley Railway farm at Penticton has installed a silo, 25x12 ft. in dimensions, to provide silage for the fine herd of pure-bred stock owned by the K. V. R.

CANADA is favoured among the nations. We have peace within our own borders. We have learned the lessons taught by lean times, and so are prepared to face the days ahead.

Our farmers are prospering by reason of the present conditions---and when agriculture flourishes, the business outlook is one of good hope and good cheer.

Some Canadian industries and mercantile enterprises must suffer because of the partial suspension of trans-oceanic trade. But more industries will be stimulated to supply our home demand, which MUST be satisfied. It is a time of business opportunity in Canada.

Let Courage Possess Us**Commission Of Conservation**

Issues Fifth Annual Report

That the conservation movement has made distinct progress during the past year is clearly indicated in the "Fifth Annual Report" of the Commission of Conservation, which has just been issued.

In his annual address, the Chairman of the Commission, Hon. Clifford Sifton, covered the Commission's activities with respect to waters and water-powers, minerals, public health, agriculture, fisheries and fur-bearing animals and forests, indicating clearly and succinctly a number of the problems that had been grappled with and the advances that had been made in their solution.

With respect to water-powers, lengthy reports are presented covering the work in connection with the water-power surveys carried out in Western Canada. Two volumes will be issued later giving the results of these surveys and will prove of great value to those who are interested in the development of the water-powers of Canada.

The Commission's Committee on Minerals has been further strengthened by selecting as chairman, Dr. Frank D. Adams of McGill University. Dr. Adams is an outstanding authority on the minerals of Canada, and his assistance will be of great value to the Commission. The report contains an excellent review by Mr. W. J. Dick, mining engineer of the Commission, on the "Importance of Bore-hole Records and the Capping of Gas Wells."

Several aspects of the problems of public health are dealt with in the report by well known authorities. Dr. Hodgetts in a brief address summarizes the work of the Committee on Public Health, and, in addition, presents reports on such vital problems as "Infant Mortality," "First Aid to the Injured" and the work of the City-Planning Conferences held in Chicago and Boston in 1913. Mr. G. Frank Beer, President of the Toronto Housing Co., develops at some length the housing and city-planning question in Canada, with special reference to the work of the Toronto Housing Co., and Col. J. H. Burland outlines the legislative requirements for town-planning.

The work of the Committee on Lands is described by Mr. F. C. Nunnick, the Commission's Agriculturist, who pays especial attention to the progress of the experiments with the growing of alfalfa in Quebec. Mr. Nunnick also describes in detail the Commission's "Agricultural Survey" for 1913, showing in concise form the farming conditions in the several provinces as ascertained by the Committee's investigators. Dr. James W. Robertson and Mr. John Fixter describe the work of the illustration farms of the Commission.

Mr. J. Walter Jones follows in detail the progress in fur-farming in Canada during the past year. The Committee on Fisheries was confined during 1913 chiefly to the development of the oyster industry. Hon. A. E. Arsenault describes the new method of leasing oyster beds in Prince Edward Island. This method was advocated by the Commission two years ago and will do much to regenerate the oyster industry in the Maritime Provinces. An exceedingly interesting paper on the "Protection of Migratory Birds" is given by a leading American authority, Mr. W. S. Haskell, who urges Canada to join with the United States in providing sanctuaries for these birds.

Considerable advance has been made in the conservation of forests during the year. The Commission has co-operated with the Board of Railway Commissioners and the several Provincial and Federal forest services concerning the prevention of forest fires, with the result that much has been done to prevent forest fires along railway lines, especially in Western Canada. In addition to the report of the chief forester, Mr. Clyde Leavitt, there are addresses on forestry by Dr. B. E. Fernow and Mr. R. H. Campbell.

The report contains a number of splendid illustrations and gives in concise form much information that is of value to all Canadians interested in the conservation of our natural resources.

EUROPEAN ARMIES IN ACTION

The big feature picture at the Opera House next Thursday will be a set of films brought over from Europe by George Klein, who guarantees their authenticity.

"European Armies in Action" shows the great fighting aggregations of the leading nations including Great Britain, France, Belgium, Germany, Austria, Serbia and Switzerland. Also intimate pictures of the leading statesmen and great generals, and interesting views of the soldiers and sailors who are now battling for the world supremacy.

In reply to numerous enquiries the management of the Opera House announces Thursday, Nov. 12th, as the date for showing "The Last Days of Pompeii."

THE BULLET AND THE BILLET

"Kit" in October Canada Monthly

As a matter of fact, most of the bullets fired in actual warfare are billeted nowhere. Even at the present day, taking into account the immensely increased precision and deadliness of firearms, and the improvement in rifles, the ratio borne by the numbers of the killed and wounded to the number of bullets fired must be very small. Not so long since, Lord Roberts said that if the British soldier could be so trained as to make it certain that one shot in twenty "got home," our army might be pronounced five times as formidable as any Continental army has yet shown itself. As it is, the army is twice as formidable. The shooting of the British lines at Mons the other day excited the unbounded admiration of the French. The firing was not that of nervous or excited men; such as happened to the New York 73rd, let us say, in the Philippines, when poor chaps (who had just left the land office and the ice cream counter) for the first time learned the awful fact that it was no fancy play at the ranges, but a matter of life and death with a real enemy popping at them, until they found themselves firing with shut eyes like Mr. Winkle at the partridges, and the roof of every man's mouth was hot with trouble.

And if our British—those cool, methodical, efficient men—lost heavily in that five days' fighting, what of the Germans?

Our boys, say the reports, went silent and happy to their positions without singing, which is forbidden these days, but with their own sallies of humour—that of Little Ortheris, and Mulvaney, and now Johnny Canuck.

It is estimated that in the Franco-Prussian war the Germans fired 20,000,000 bullets. The French killed and wounded amounted to about 140,000 men. According to this, only one ball out of 143 fired hit its man; and, assuming that on an average one man out of seven hit was actually killed, it would seem that only one bullet in 858 proved effective. At the battle of Bantzen 714 bullets were fired for one man put hors de combat. At Victoria, Wellington's army fired 500 shots for one man killed or wounded.

In 1849, at Kobling, the Prussians fired 77,000 cartridges and killed or wounded 475 Danes; that is, one man was hit out of every 163 shots fired. Such estimates might be vastly extended without serving much purpose, but they show how necessary is efficient marksmanship, and how futile for all murderous purposes is a rifle practice that exercises a man's marksmanship at the rate of 60 shots a day for comparatively a few days or weeks a year.

OCTOBER CANADA MONTHLY

Canada Monthly is advertising itself widely as "The Magazine That Goes with the Contingent," and the October number consequently is devoted principally to the war.

How the Valcartier camp looks to the men who are learning to march and shoot and harden their feet is told by a member of the Queen's Own Rifles. Madge Macbeth describes the breathless rush of events in the office of the Minister of Militia at Ottawa. Irene Wrenshall, in "The Red Badge of Courage," gives an account of the Red Cross work, and Captain Robert Foran tells some interesting personal reminiscences of General Sir John French, the hero of the Expeditionary Force. Earl Kitchener also comes in for a biography. And "Kit" devotes practically all the Pedlar's Pack to war experiences.

A new mystery serial, "The Mystery of the Jade Ear-ring," begins in this issue. "Everybody, deep down in their hearts, believes in ghosts," says the doctor, and there is no other than the ghostly explanation of the story, unless a dual personality is more credible.

Betty D. Thornley, in "Washing Behind Toronto's Ears," gives a spicy account of the Health Department's activities in the Queen City. Mary Leslie, in "The Wallflower," tells the story of Little Cicely and her two lovers, and Rupert Hughes, in "Wild Wells," puts a spirited picture of the oil business before the reader. M. Eugene Perry, in "The Corporal and the Girl," tells a story of "Frontier, Alberta," and "with adventure in the dark. There are other articles and fiction.

CHANGES IN CABINET

Two important changes took place in the Borden Cabinet on Tuesday. In the presence of the Duke of Connaught, the Hon. T. Chase Casgrain was sworn in as Postmaster General, while the Hon. P. E. Blondin was sworn in as Minister of Inland Revenue to replace Hon. W. B. Nantel. The latter goes to the Railway Board, as successor to the Hon. M. E. Bernier.

"DIVIDE ET IMPERA"

This was the plan designed By Bismarck's master mind, Truly a clever plan
 Needing a master man.
 "Divide and Rule". Split up,
 Then with the aid of Krupp
 Tackle them one by one
 Till all are fought and done.
 The Kaiser pondered, dreamed,
 For world wide rule he schemed.
 Spies, agents everywhere
 His crafty plots prepare.
 With gibe and taunt they strive
 To nurse and keep alive
 Envy and hate and pride.
 Ev'ry device is tried
 By devil's advocates
 To sever friendly States.
 The Nations heart to heart
 They sought to force apart.
 Then in their great conceit
 They deemed their work complete.

But our King Edward knew
 That foul false-hearted crew:
 He laboured long and well
 Successfully to quell
 The evil of their spies,
 The poison of their lies.
 He fostered peace instead
 And kindly feeling spread.
 Thus were the discords healed,
 The friendly treaties sealed:
 Thus our peacemaker wrought
 With tact and kindly thought:
 Till he had undermined
 All that our foe designed:
 Till he had welded true
 Bonds we shall never rue:
 Till he made France our friend
 Her strength with ours to blend:
 Till Russian legions ride
 Fighting on Britain's side.

Thus has the Kaiser failed,
 For his foul scheme entailed
 Discord among the States,
 Ere he could force their gates,
 Ere he could win the world
 'Gainst which his might is hurled.
 —R. H. PARKINSON.

NEWSPAPERS IN INDIA
 There are 653 newspapers and 1,902 periodicals published in India, according to the most recent statistics. They are chiefly in the English, Tamil, Urdu, Gujarati, Marathi, and Bengali languages.—"Printer and Publisher."

WATER NOTICE

Application for a Licence to take and use water will be made under the "Water Act" of British Columbia, as follows:

1. The name of the applicant is William J. Mantle.
2. The address of the applicant is Kelowna.
3. The name of the stream is Grouse Creek. The stream has its source near Fish Lakes, flows in a northerly direction, and empties into Mission Creek about sixteen miles from Okanagan Lake.
4. The water is to be diverted from the stream on the east side, about 500 yards north from south boundary of Lot 3096.
5. The purpose for which the water will be used is irrigation.
6. The land on which the water is to be used is described as follows: Lots 3095 and 3096, township 27.
7. The quantity of water applied for is as follows: 640 acre feet.
8. This notice was posted on the ground on the 30th day of September 1914.
9. A copy of this notice and an application pursuant thereto and to the requirements of the "Water Act" will be filed in the office of the Water Recorder at Vernon. Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

WILLIAM J. MANTLE,
 JAMES H. BAILLIE, Applicant.
 Agent. 12-4

WATER NOTICE

TAXE NOTICE that Montague George Erskine Woodmass, whose address is Okanagan Mission, B. C., will apply for a licence for the storage of ten thousand gallons per diem, or seven gallons per minute, of water out of Cecil Springs, which flow in a northerly direction and drain into the ground about one hundred and fifty feet from the source. The storage dam will be located at 200 yards south of centre of southern boundary line of S.W. ¼ sec. 25, Tp. 28, Osageoos Division. The capacity of the reservoir to be created is about thirty-six barrels. The water will be used for domestic purpose upon the land described as fractional East ½ of section and fractional S.E. ¼ Sec. 26, Tp. 28, Osageoos Division. This notice was posted on the ground on the 3rd day of August, 1914.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

M. G. E. WOODMASS,
 Applicant.
 By K. A. Woodmass,
 wife of M. G. E. Woodmass,
 Agent.
 The date of the first publication of this notice is Oct. 15, 1914. 12-4

Want Advs.

RATES:

First Insertion: 2 Cents per word; minimum charge, 25 cents.

Each Additional Insertion: 1 cent per word; minimum charge, 15 cents.

In estimating the cost of an advertisement, subject to the minimum charge as stated above, each initial, abbreviation or group of figures counts as one word.

If so desired, advertisers may have replies addressed to a box number, care of the "Courier," and forwarded to their private address. For this service, add 10 cents to cover postage.

No responsibility accepted for correctness of telephoned advertisements.

Please do not ask for credit, as the trouble and expense of booking small advertisements is more than they are worth to the publisher.

SWIMMING COLLARS FOR BRITISH SAILORS

That the Admiralty is fully alive to the necessity of providing a means for the crews of warships that strike mines or are torpedoed by submarines to escape drowning, since other warships are prohibited going to their assistance, is shown by the announcement that the Admiralty is arranging for a general supply of swimming collars to be distributed to the officers and men of the fleet.

The men are instructed that the collars shall be carried on their persons when they are awake, and kept inflated and near each individual when he is asleep.

W. E. TAIT & CO.

Local and Personal News

Mr. and Mrs. B. P. Little paid a visit to Vernon on Friday.

Mrs. and Miss Dickson arrived from Vancouver on Friday to pay a visit to Dr. and Mrs. W. J. Knox.

Capt. Temple and Lieut. Barke, of the 30th B.C. Horse, came down from Vernon on Saturday on a few days' leave.

Mr. W. D. Morgan took his departure on Wednesday for Kamloops, where he will manage the shoe business of W. E. Tait & Co.

The ladies at "The Garth", Ellis Street, will be "at home" on Saturday, October 24, and afterwards on the fourth Saturday of each month.

Mr. Sydney Winterbottom came down from Kamloops last Monday to spend a few weeks in Kelowna. He is staying with Mrs. Watt and her son on Glenn Avenue.

Mr. G. H. Dunn, City Clerk, left yesterday morning to attend the convention of the Union of B. C. Municipalities, at Kamloops, and may possibly visit the Coast before his return.

Lee-Corp. H. B. Lloyd, of "E" Company, Rocky Mountain Rangers, returned on Monday from guard duty on the C. P. R. line, having been allowed leave until mobilization of the second contingent for overseas service.

"The Causes of War" is the subject for discussion at the October meeting of the Suffrage Society, Tuesday, 27th, at 8 p.m., at the house of Mr. and Mrs. Kerr, Lake Avenue. Subject opened by R. B. Kerr. All interested in this question are welcomed.

There is a strong probability of the electric connection being afforded direct from Kelowna to Nelson at an early date via Penticton and the Kettle Valley Railway, along the track of which the poles have now been erected and the necessary wire is at Penticton awaiting orders for its erection.

According to the "Penticton Herald," a letter has been received by the Penticton Board of Trade from Mr. W. Beaver Jones, formerly secretary of the Kelowna Board of Trade, stating that he has opened a fruit and produce exchange in the Calgary Central Market and that he would be glad to get into touch with any independent shippers in the Okanagan.

A Patriotic Concert is announced for the evening of Friday, October 30th, in the Opera House. The performers will include the best and most popular local talent, and the programme promises to be a splendid one. The Boy Scouts will take part, and the patriotic note will be evident throughout. All the proceeds will go towards local relief, and the Kelowna Benevolent Society and the Hospital will benefit. While Belgium and the Canadian Patriotic Fund claim our benevolence, it should not be forgotten that the war has brought distress to many families in our midst, through lack of employment for their breadwinners or through the latter being summoned to fight for their country, and everyone should make a special effort to attend the concert and thus contribute even a modest amount to a most deserving cause.

POULTRY NOTES

By E. L. Ward, Secretary of the Kelowna Poultry Association.

Mr. H. E. Upton, the Government Poultry Inspector, will be here during the Poultry Show, on November 25, 26 and 27, and will bring the Government Model Houses and appliances with him. He will also give lectures illustrated with lantern slides. The Poultry Show this year is to be free to all and a good attendance is expected. The Poultry Association respectfully solicits the donation of special prizes by all those who are able to give them.

The war has had a great influence on the poultry industry. It has increased the price of grains and other poultry foods. There is also no doubt that much of the poultry in Continental Europe will be used for food, therefore, when the war is over there will be a big demand for eggs and breeding stock from Canada, the States and England. Some English breeders are going to donate birds and eggs to Belgium breeders who have suffered on account of the war.

We should endeavour to keep as many hens as we can and study wise economy in feeding, and at the same time grow as much feed ourselves as we can.

If those who live on the farm only knew the great money-making possibilities of poultry raising when proper care and attention are given to feeding and housing, the farmers would be enriched by several million dollars each year.

Two million dollars goes out of the Province every year for poultry products. If this amount was kept here it would mean increased prosperity for everyone in the Province. Five car-loads of eggs are used in the Okanagan from October to March. These eggs mostly come from Kansas and cost \$2.00 a case for freight and duty alone. Revelstoke uses a car of eggs every three weeks.

To get eggs in winter it is necessary to feed a balanced ration which must contain some corn to keep the fowls warm. Beef scraps must be fed to take the place of insects, etc. All members of the B. C. Poultry Association receive bulletins on poultry raising and how to feed for eggs.

If we want to make a success of poultry raising it is necessary for all breeders to co-operate to make progress.

Mrs. J. Finch returned on Monday from a visit to Kamloops.

Mr. Chas. Casorso went to Calgary on Tuesday to purchase cattle for his firm.

Inspector George Wady, of the C. P. R. Telegraphs, paid a visit of inspection to the local office on Wednesday.

These will be a Church of England service in the old School House at Rutland on Sunday next, at 3 o'clock in the afternoon.—Com.

The Ladies' Hospital Aid will hold their regular meeting on Monday next, the 26th instant, at 3 o'clock in the Board of Trade building.

Col. Sergt. J. Finch of the 102nd Regiment left Kamloops last Monday for Rogers Pass, where he has been posted on bridge guarding. His exact location is at Mountain Creek, a few miles from Golden.

Messrs. W. F. Muirhead & Co. announce that their shoe sale, which has been remarkably successful in spite of the hard times, will close on Saturday, the 24th, which will be the last opportunity to secure any of the bargains offered.

The Richmond stock is to be cleared out, by order of the assignee, and the store is now closed for stock-taking. It will reopen on Oct. 30th, when everything will be sold, including the fixtures, in order to liquidate the estate.

The services in the Methodist Church on Sabbath will be in charge of the Pastor. The morning theme is "A Paying Proposition" and the evening subject "Starting Life with a Social Handicap." The evening service will be followed by a special Service of Song.

There was an unusual bustle in the passenger traffic on Monday morning, 47 tickets being sold. The causes of the additional volume of travel were chiefly a Sunday School convention at Vernon and the Vernon Assizes. Most of the Sunday School delegates returned home on Tuesday afternoon.

On Monday afternoon the City Clerk received six sacks and two bundles of various articles donated by citizens to the Belgian Relief Fund in compliance with the request recently circulated by the Vernon branch of the fund. Some of these goods had been collected by various people in the City while others represented separate and independent gifts. They were despatched to Vernon by Tuesday morning's boat.

The first of the George Kleine attractions, "Spartacus, or, The Revolt of the Gladiators," drew a bumper house last Thursday night, thus making a happy augury of the popularity which will attend the remainder of the series, to be presented on succeeding Thursdays. The story is one of ancient Rome during the century before Christ, and the pictures gave a faithful and realistic interpretation of its romance and historical interest, being true to detail and splendidly staged.

BUSINESS LOCALS

(Rate: 3 cents per word, first insertion; 2 cents per word, each subsequent insertion. Minimum Charge first insertion, 50c; each subsequent insertion, 25c.)

Dr. Mathison, dentist, Telephone 89.

October 31st is the last day upon which you can pay your City taxes less the one-sixth rebate. By paying your taxes you will save interest charges of 12 per cent. on Local Improvements and 8 per cent. on other taxes.

PIANO TUNING—Mr. R. McGeorge, only authorized tuner and regulator for Mason & Risch, Ltd., throughout the Okanagan Valley, will be in Kelowna and district during the next two weeks. Orders left with Crawford & Co., Stationers, will have prompt and careful attention. Special attention given to all kinds of player pianos.

BAPTIST Y. P. S.

Open Season With Social.

The Baptist Young People's Society opened their winter session on Monday evening with a social, which, in point of numbers, was the best attended social they have had. Mr. G. R. S. Blackaby, president for the session, presided, and in presenting the formal statement for last winter announced that \$15.00 had been raised for missions; \$18.00 had been given to the church, and there was a small balance in hand.

The programme for the evening was of an interesting nature. Miss Jamieson delighted the company with some Scotch songs and had to respond to encores. Mr. A. S. Wade gave a humorous reading, as did also Mr. Blackaby. Mr. Weeks gave a song, and Mr. and Mrs. Pelton rendered a pleasing duet. A magazine guessing contest followed, the party having a number of popular magazines to puzzle out. This was followed by tableaux representing well known books. The serving of refreshments was the next item, and a most enjoyable evening was brought to a close by the singing of the National Anthem.

The meeting next week is to be a missionary one, in charge of Miss Reekie, and an interesting evening is expected.

The charge against the Swede named Emil Nelson, who "shot up the town" here on Sept. 17th, was reduced at the Vernon Assizes, held this week, from attempted murder to a minor indictment (the exact tenor of which we have not learned), upon which he was convicted, sentence being postponed until the end of the assizes. The charge against Ju Him Fluen, the Chinaman sent up for trial for alleged breaking into and entering the premises of Casorso Bros., was dismissed.

Market Report No. 26

By the B. C. Market Commissioner
—Lettergram Correspondence.

(Fruit growers may receive weekly reports of the Market Commissioner regularly every Monday by becoming members of the B. C. Fruit Growers Association. Annual fee, \$1. Apply to R. M. Winslow, Secretary B. C. F. G. A., Dept. of Agriculture, Victoria, B. C.)

HIGH RIVER, Alta., Oct. 14.—Although this town is in the poor-crop area, it reports a greater than normal sale of preserving fruits this season, due to the stimulating effect on the demand of the prevailing low prices. As in all the Alberta towns so far visited, the greater proportion of the fruit was from B.C., and the retailers express every satisfaction with the quality and pack. The fact that the High River is used as a sort of sub-distributing centre for cars out of Calgary to neighbouring points on this line has made it especially liable to the low price effects of the rivalry of the different wholesale representatives, and considerable fruit was sold at very low prices. Prunes were bought mainly at 75c but some at 65c and sold, retail, at 90c. Peaches were bought at 75c to 95c and sold at 90c to \$1.15. The few late Salways used were bought at \$1 to \$1.10. Tomatoes were bought at 60c to 75c and retailed at 75c to 90c. These exceptionally low prices more than doubled the consumption. Pond's Seedlings were bought as low as 50c, and retailed at 60c. The crate pack of apples has proved popular, those seen having been bought in quantity at \$1.15, though, as was stated, the regular asked price was \$1.25, and retailed at \$1.75. A retailer said that he had sold far more of this pack than of the regular No. 1, the consumer usually feeling that he was getting better value at the prices asked. He was not disposed, however, to favour this pack for the later winter varieties. No. 1's on hand had cost \$1.40 and were selling at \$2.00. One or two cars of Ontario apples had been bought direct from the east. No American apples have been offered, but B.C.'s have been quoted and are being pushed by the wholesalers at \$1.25 to \$1.35, for winter stocking.

CAYLEY, Alta., Oct. 15.—General conditions at this point much the same as at High River, and prices also, except that Pond's Seedlings and ripe tomatoes had not been bought below 65c, nor peaches below 80c. Some late peaches bought at \$1.10 are selling now at \$1.25 retail. Potatoes are usually shipped out from this point, and, though the short crop has prevented that this year, the local supply will be sufficient. The retailers are now paying 75c a bushel in trade. B.C. onions on sale were bought at \$36. per T. F.O.B. High River. Saw a barrel of Nova Scotia Gravensteins marked No. 1, that would scarcely make respectable 3's. The retailer was disgusted, and stated he would never touch another barrel apple. An object lesson in our favour was before him in the shape of a box of No. 2 Special Blenheim Orange, of splendid quality and colour, many of them readily ranking as No. 1. He had ordered the Gravensteins at \$5, but had been granted a rebate of \$1. Okanagan apples have been offered here at \$1.25, and Washingtons at \$1.35, but the retailers say the American fruit is not being pushed. The local union of the United Farmers of Alberta has bought a car of Ontario apples direct, not through their organization officers at Calgary, at \$4.25 to \$4.50. They state that they wished to consider B.C. apples, but, after asking Calgary vainly for price-lists, took action, themselves, to secure eastern fruit. The retailers show some feeling at what they regard as an invasion of their rights by the farmers and are planning to sell B.C. apples bought at \$1.25 at \$1.50, in an attempt to hold their custom.

Lettergram Correspondence, Oct. 16:

MOOSE JAW.—Market conditions not so brisk this week. Seems to be over-supply of apples, and B.C. cookers take preference at \$1.25 a box. Washington stock better quality for same grade than previous years but not moving as freely as B.C. on account of price. Farmers lining up on Ontario barrels materially affecting jobbers output. Potatoes jobbing at \$1 per bushel, chiefly eastern and North Dakota stock. Albertas selling less but quality unequal. B.C. vegetables selling freely, and think will be steady demand for same.

MEDICINE HAT, Wh.—B.C. Winter Nelis pears, \$2.50; Wealthy apples, \$1.25; McIntosh, \$1.50; Hyslops, \$1.50; Nova Scotia Gravensteins, \$5. Ontario Spies, \$5.75; Ontario cookers, \$4.50. There does not appear to be much doing in winter apples yet. Box apples going out very fast.

SASKATOON.—Wh. apples, 1's, \$1.40; 2's, \$1.25; Nova Scotias, \$3 per barrel; Ontario apples expected here at the end of the present week.

LETHBRIDGE.—Car Wenatchee apples in today, assorted varieties, wh., \$1.30, retail, \$1.60. Kelowna McIntosh Red, wh., \$1.50; retail, \$1.75.

Other B.C. varieties, wh., \$1.40, retail, \$1.65.

WINNIPEG.—Apple market badly demoralized. Ontario barrels, wh. \$2 up. Ontario box apples, 80c to \$1.15. Trying to get \$1.50 for B.C.'s. Onions selling \$1.50 to \$2. Pears, \$2.75 to \$3. Business very quiet.

CALGARY, Oct. 17.—Yakima Salway peaches still selling at same prices as last week. B.C. ripe tomatoes, wh., 85c to \$1; retail, \$1.20. Many of the tomatoes seen, however, are very inferior, dirt-covered, and cracked, and bring low prices on that account. Hyslops still selling readily, wh., \$1.40; retail, \$1.60. B.C. McIntosh approaching the close. Other varieties on market, Jeffries, Snows, Kootenay, Gravensteins, Jonathans, etc., are moving out readily. Wh. No. 1, \$1.40 to \$1.50, No. 2, \$1.25, No. 3, \$1.15. Crate pack sells wh. at \$1.10 to \$1.15. The Kelowna crate pack is not maintaining the standard of grade that gave it its strong hold on the public early in the season. Some McIntoshes inspected then contained a quantity of very fair No. 1 apples, but it would be difficult to find these in the packs now shipping out. Retailers advertise No. 1 McIntoshes and Snows at \$1.80. A few Spokane Jonathans are on the market, orchard run pack, bought at 55c F.O.B. shipping point, laying down at \$1.05 and selling wholesale at \$1.25 and retail at \$1.50. These apples are unwrapped and unsized, but are excellent value for the price, and are decidedly superior to B.C. No. 3's offered in competition with them. The only Ontario apples on the market are the Snow selling, wh. at \$6 and retail at \$6.95 per barrel. The Penticton apple exhibit at the Irrigation Convention, bought by a retail firm, is selling at \$2 a box. The apple demand tends to lean strongly now towards the lower apple grades, orchard run, No. 2's and 3's. It is hoped that the manifestation of this demand will not tempt our growers to ship out 3's of low standard on the penny wise and pound foolish principle. The requirements of this market this season are undoubtedly for a small proportion of the best No. 1's and for a large number of an orchard run (excluding culls and small sizes) or good No. 2 pack, with a fair quantity of threes, and cookers. Pickling cukes are selling readily at wh., \$1.50; Pears, Louise Bonne, B. Clairgeau, W. Nelis, \$2.25 to \$2.50. Green toms, wh., 80c, retail, \$1. Potatoes, B.C. coast, wh., \$27.50; Ashcroft, \$35 to \$36; New Brunswicks, (14 cars bought by one wholesaler) not yet on the market but offered at \$30 to \$33; B.C. potatoes, ret., \$1.20 per bush. Onions, \$28 to \$30. Cabbage, wh., \$25 to \$30.

The president and secretary of the B.C. F. G. A. met Mr. Lanigan, C.P. R. Asst. Fgt. Traffic Agt., at Victoria on the 9th, and discussed the Ontario and New Brunswick special potato rate with him. Mr. L. held out no prospect of a change in the tariff. As regards this season, this was to be expected, but it is to be hoped that B.C.'s urgent representations will avail to prevent such a discriminatory rate in the future. Okanagan shippers were to discuss the matter further with Mr. L. on Wednesday, last, but the M.C. has received no word as yet of the outcome. In this connection it may be said that the Provincial Horticulturist advises, from a reliable Ontario source that Ontario potatoes are now selling at 70c to 80c per 90 lb. bag in carlots, Toronto, and that the crop is rather short and the price not expected to drop. Considerable blight is also reported in shipments reaching Toronto. There is little doubt but that the eastern importations will have only a temporary effect on the prairie markets, and that our shippers will be well advised to hold for good prices.

The Ottawa authorities have been unable to see their way to adopt the suggestion of the M.C. as to a division of territory for federal apple advertising. They point out that, as fully 50% of the apples in Western Ontario are wasting in the orchards, eastern fruit-growers would not stand for any special advertising of another province. The M.C. is, nevertheless, strongly of the opinion that the specific advertising of box apples in a territory educated to the use of the box apple, and forming the natural market for that apple, and of the barrel apple in territory accustomed to use barrels would involve no unfairness to any one, and would produce a greater aggregate benefit to both. Every effort is now being made, however, to avoid, in the wording of the copy, any special emphasis on eastern fruit, and newspapers have received instructions from Ottawa that will prevent a recurrence of editorial interpretations of the advertising in favour of the east. The M.C. has secured enthusiastic support from the wholesalers for a plan to boost B.C. apples by holding in Calgary a special British Columbia Apple Day, say, on November 1, and is in hopes that these will materialize in an effort similar to that which is receiving such widespread support in Washington. The Dominion Fruit Commissioner furnishes information, Oct. 8, as fol-

lows: **LONDON.**—American Kings and Yorks, 15s to 16s; Baldwins, Hubbardstons, Wageners, McIntosh Red, 12s to 14s; Keiffer pears, 14s to 16s. Apple trade slow. **MANCHESTER.**—Prices same as last week. No Canadian fruit offered. **GLASGOW.**—Canadian apples ex SS. Cameronia arrived slack and in wretched condition, selling 9s to 17s. Virginian apples, 10s to 18s. **GEORGIAN BAY.**—Average price \$2 F.O.B. and some varieties as low as \$1.65 for No. 1, and \$1.25 for No. 2. Several cars being exported this week. Will be more fruit stored than usual. **LAKE HURON COUNTIES.**—Fruit being shipped is 90% No. 1, balance No. 2. Present outlook is that 60% green varieties will go to waste. Of the balance, 10% will go to New Ontario, 30% to the export market and 60% west. Prices, \$1.50 to \$2. **NIAGARA.**—About 50% of apple crop liable to waste, and even more in the case of green varieties, which are affected with scab and ink spot. Prices, \$1.75 to \$2.50 for No. 1 and No. 2. **MONTREAL.**—16,306 bbls. and 5,166 boxes exported last week to Great Britain. For the same week in 1912, the exports were 26,215 barrels and 977 boxes.

J. FORSYTH SMITH,
B. C. Market Commissioner.

CITY COUNCIL

Continued from page 1

Ald. Rattenbury reported as to the decision of the Fire Brigade concerning the sale of the old fire engine to the Memorial Museum at San Francisco. The Council thought the price suggested by the Fire Brigade was too high, and the matter was referred back to them for further consideration.

There was an application from the Bankhead Orchard Company to cut ice from the pond in front of the house on the Company's property and to supply this ice for domestic purposes in the city. The Council thought this was a matter for the local Board of Health to look into before permission could be given, and it was decided to obtain a report from the Medical Health Officer, Dr. Boyce, with respect to the fitness of the water for an ice supply.

His Worship notified the meeting that Mr. Haug was renting a small

part of the City's foreshore property as a storage ground for tile, for which he was paying \$1.00 a month. Mr. Haug had asked for a lease, but this request had been refused in case the City should find a need for the property.

The Council were also informed that Messrs. P. Burns & Co. were placing a well on their premises with the object of obtaining a water supply. It was pointed out that though some of this water might be used for their engine, yet care would have to be taken that it was not used for washing meat, as well water from that part of the city was known to be contaminated. It was decided to acquaint the Company with this condition and to warn them as to what use they made of the water.

The following accounts were passed for payment and were certified by the respective committees:

Fred Henning, refund of road tax	\$ 2.00
City of Vernon, care of Kelowna prisoners	24.60
C. P. R., freight	3.78
D. McMillan, digging grave	5.00
Kelowna Garage & Machine Works Co., Ltd., payment on acct. purchase price of fire truck	500.00
R. W. Thomas, transportation to New Westminster for lunatic and attendants	73.05
Okanagan Telephone Co., monthly rates	21.05
W. Haug, coal for Fire Hall	21.35
Kelowna Courier, printing and stationery, May to Sept. inclusive	243.75
Bankhead Orchard Co., fuel for Police Station	15.00
P. B. Willits & Co., stationery	1.40
Work on water intake pipe—	
S. L. Sharrock	2.70
D. M. Barker	64.50
J. Berger	34.20
A. Tate	34.50
W. A. Scott	35.10
Bigger & McGregor, balance on concrete sidewalks	100.00
The Council then adjourned until next Friday morning.	

The Austrian and Hungarian Governments have decided to summon to the colours all men between the ages of twenty-four and thirty-six, liable to service in the Landsturm, who hitherto have not been asked to serve owing to physical disability or otherwise.

RENEW FOR THE COURIER

GEORGE IV of England—and many princes and society leaders since his time have worn

FOWNES GLOVES

But that is the least of the reasons why you should wear them.

If you want a strong, handsome glove, well fitting and properly put together, you will appreciate the material, style and workmanship that have made "FOWNES" supreme for one hundred and thirty-one years.

Sold by good stores everywhere—never under any other name than Fownes.

Copyright 1909,
Fownes Brothers
& Co.

This Means Best

The word Fownes has meant the best gloves since George IV was on the throne of England. Later, the little trade-mark shown below was added, either on the button or stamped inside the glove. Thus, you need not experiment with unsatisfactory gloves, for

FOWNES GLOVES

are always sold under their own name and you are assured from the start of the fit, the style and the unusual durability which have made that name synonymous with Best.

Try the \$2.00 street glove. Other grades 1.50 and 2.50—each best for the price.

WHEN you go to the glove counter remember that the best gloves are invariably the most economical. Ask for

FOWNES GLOVES

Finest skins; best colors; precise workmanship—and one hundred and thirty-one years of experience are some of the reasons for Fownes supremacy.

Never sold under any other name than Fownes.

Thos. Lawson, Limited

MAKE A CLEAN UP!

THIS is the time of the year when the busy housewife must needs busy herself with pulling down curtains, taking up carpets, separating stove pipes and making a mess generally with the ultimate intention of cleaning everything in the house from the garret ceiling to the cellar floor. Now then, if this must be done, and it seems that it must, let us make it easier for you.

Gold Dust Washing Powder.....	per pkg. 30c
Pearline, large pkgs. 30c	small pkgs. 10c
Royal Crown Washing Powder.....	per pkg. 25c
Lux.....	" 10c
Old Dutch Panshine	per tin 10c
Gillet's Lye.....	2 tins for 25c
McKenzie's Lye.....	per tin 10c
Utility Chloride of Lime	2 tins for 25c
Ammonia Powder	20c... 3 pkgs. for 50c
Household Ammonia.....	quart bottles 20c

The above are only a few to make the washing and cleaning easy.

Gipsy Stove Polish, makes the stoves glitter and the pipes shine, 5c per tin.

Nugget and 2 in 1 polish to make the boots of the old men and the boys look like new, 10c per tin.

Plate powder, silver polish, metal polish, bath brick and in fact everything known to make labour lighter for house cleaning time.
